

Eco Conscious Irish Wood Engravers

www.thedribblyyak.com

The Dribbly Yak Company

**We're Husband and Wife Team, Anto & Jenny;
Graphic Designer and Pyrographer, and
together we're The Dribbly Yak Company.**

**We've combined our years of experience with
wood and with design, and using a laser we
handcraft wood engraved gifts and homeware.
We love to work with others to create locally
themed, branded and personalised designs.**

**As a wee eco-conscious business we try to
promote a sustainable message in our
products, our packaging and our attitude.**

**Hailing from Belfast in Ireland, we embrace
the heritage of our land in our designs. Our
work is reflected in our business name... big
imagination with a little sense of humour!**

Product Range

All our ready-to-buy products are on our website. Designs can be adapted and customised, and we're thrilled to make custom designs from scratch for you

Prices

Wholesale is 50% of website price
(one-off pieces excluded. Custom designs may incur a small design cost)

Minimum order is £250 (at wholesale rate)

Ordering

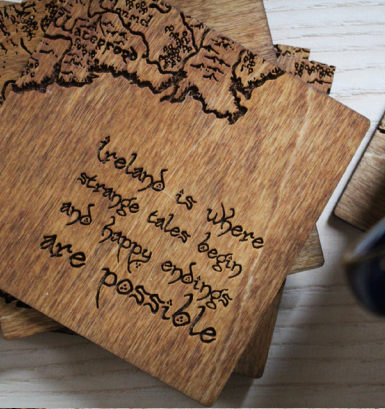

...Have a chat with us about products, quantities, production time and the weather

...We'll put together a custom listing on our website for you to purchase

...Once ordered, we'll get cracking!

(production time varies depending on order size and time of year)
